To the Resident
Fenny Lane / High Street
Meldreth
Cambridgeshire

Dear Resident

Fenny Lane, Meldreth - Surface Water Drainage Scheme

I am writing to advise you that the County Council intends to undertake repairs to the surface water drainage system at the junction of Fenny Lane, High Street and North End. Works are programmed to start week commencing 15th August 2022 for approximately 5 weeks. We will be carrying out essential maintenance works to the underground pipework, clearing road gullies and carrying out CCTV surveys on the existing drainage system.

Due to the nature of the works, it will be necessary to close Fenny Lane and North End to Through traffic. Vehicle access to businesses and properties situated within the works area will be maintained wherever possible, however, due to the nature of the works some delays are likely to occur. Local diversions will be via Whitecroft Rd and the High St, with the main diversion via Whaddon Gap, Wimpole, Orwell and Shepreth

Please be aware that there will be some noise associated with the works which is unavoidable. We will endeavour to keep disruption to an absolute minimum.

If you require any additional information, please do not hesitate to contact me using the information provided at the top of this letter.

Yours Faithfully,

Paul Drwal
Project Engineer
Highway Projects and Road Safety Team
